

## *Marketing Bulletin*

September 5, 2007

To: GenFlex Authorized Distributors  
GenFlex Licensed Contractors

Subject: GenFlex Distribution Center Relocation

Part of the continuing evolution of GenFlex involves making our products more readily available to you. I am pleased to announce a larger, more centrally located GenFlex distribution center for our EPDM and TPO Membranes, fasteners and accessories in the Indianapolis area. We will be moving from our current Columbus, OH location this month.

Our Logistics Department has planned for the transition to be as seamless as possible; however, there will inevitably be service interruptions related to a move of this scope. So, I want to advise you that the last day for shipments from Columbus will be Wednesday, September 12, 2007. We will resume regular shipments on Tuesday, September 18 from the Indianapolis Distribution Center.

Please note that this will not affect shipments of GenFlex TPO and accessories from our Muscle Shoals distribution center, nor GenFlex flat and tapered Polyiso products from our 8 manufacturing/distribution centers nationwide.

We appreciate your understanding and patience during this transition. If you have any questions or concerns about this, please contact your GenFlex Customer Service Representative.

Thank you for your continued support of GenFlex Roofing Systems.

Sincerely,

Marty Jolly  
National Sales and Marketing Manager
