

GenFlex TPO Heat  
Weldable Walkway Pad  
See Note #1

GenFlex FlexWhite  
EPDM Membrane

GenFlex FlexWhite  
Seam Tape  
See Note #2

GenFlex FlexWhite  
Clear Primer

1. Installed sections of GenFlex TPO Walkway Pads should not exceed 10' (3 m) in length. Allow for a 4" (102 mm) space between ends of adjacent sections of walkway pad.
2. When using GenFlex FlexWhite Seam Tape, first apply FlexWhite Clear Primer to the FlexWhite EPDM field sheet and to the underside of the TPO Walkway Pad where the seam tape will bond. Apply the primer using a GenFlex Scrub Pad & Handle.

MAXIMUM WARRANTY: **20 Years**

**Installation of Walkway Pad**
