

WHAT'S NEW **New TPO Peel & Stick RPS and RMA**

December 1, 2009

To: GenFlex Authorized Distributors
GenFlex Licensed Contractors

Subject: New Products – TPO Peel & Stick RPS and RMA

When non-penetrating details are preferred on your TPO roofing system, GenFlex has the solution. Introducing Peel & Stick Reinforced Perimeter Strip (RPS) and Roof Membrane Attachment (RMA) strip, the latest addition to GenFlex's growing list of Peel & Stick TPO accessory products.

Both products feature strips of pre-primed TPO membrane with GenFlex White Seam Tape laminated to the membrane. These Peel & Stick products can be used with GenFlex Clear Primer to create non-penetrating wall flashing details (RPS) or non-penetrating field membrane attachment details (RMA) at the perimeter and corners on mechanically attached TPO systems.

Both details incorporate the time tested performance of GenFlex's White Seam Tape and Clear Primer, products that were first introduced to the roofing market by GenFlex Roofing Systems back in 2001.

The following product information can be used when ordering this new product:

| <u>Product Name</u> | <u>Product Number</u> | <u>Size</u> | <u>Packaging</u> |
|----------------------|-----------------------|-------------|------------------|
| TPO Peel & Stick RPS | W590030102 | 6" x 100' | 2 rolls / Carton |
| TPO Peel & Stick RMA | W590030101 | 10" x 100' | 1 roll / Carton |

For additional product information, including physical properties and applications instructions, please refer the appropriate Product Data Sheet located in the Technical Info tab at www.genflex.com. Contact your local GenFlex Distributor for more information on GenFlex's TPO Peel & Stick RPS and RMA.

Thank you for your continued support of GenFlex.
