Subject: REVISED - GenFast #14 Fasteners

Making it easier to work with GenFlex products is always at the forefront of product development at GenFlex. That's why we've made the following minor changes to our GenFast #14 Fastener product line.

- ▾ **New Sizes**
 - ▾ GenFast #14 Fasteners are now available in 1 ¼" and 1 ¾" lengths to accommodate the fastening of thinner products such as gypsum and recover boards to approved decks.
 - ▾ GenFast #14 1 ½" Fasteners will become obsolete and no longer be available.
- ▾ **New Quantities per Bucket**
 - ▾ 5" & 6" fasteners will now come 500 fasteners per bucket
 - ▾ 12" & 14" fasteners will now come 250 fasteners per bucket

The following product information can be used when ordering the new sizes and quantities of GenFast #14 Fasteners. These changes with the #14 fasteners will be "phased-in" as supply of existing products is exhausted.
