Subject: GenFlex July 1, 2008 Fuel Surcharge Increase

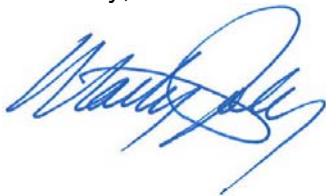

With the cost of oil continuing to escalate, we continue to experience higher fuel surcharges from our freight suppliers. The effects if these increases have now become so significant that GenFlex must once again raise the fuel surcharge that we currently charge on each truckload shipment.

Effective with all prepaid Domestic U.S truckload shipments made on or after July 1st 2008, GenFlex's new fuel surcharge will be \$175.00 per truckload. In addition, actual fuel surcharges incurred by GenFlex on toll-manufactured products such as Dens Deck, ACH Foam insulation and wood fiber board will be passed along at the actual cost from these manufacturers. We will continue to monitor fuel and shipping costs and make ongoing adjustments consistent with the market situation.

If you have any questions, please contact your GenFlex Territory Sales Manager or Customer Service Representative.

Thank you for your continued support of GenFlex Roofing Systems.

Sincerely,

Marty Jolly
National Sales and Marketing Manager
