Subject: Changes to 5" Cover Tape and 9" Peel & Stick EPDM Flashing

Recent manufacturing updates require GenFlex to issue new product numbers for several existing products. The changes listed below will occur as inventory in the former packaging is depleted.

<u>Product Name</u>	<u>Old Product #</u>	<u>New Product #</u>	<u>List Price</u>
6" Cover Tape*	10067	W590010144	\$374.00
9" Peel & Stick EPDM Flashing	10127	W590010146	\$382.00

* Effective with this change, EPDM Cover Tape (5") will now come in a wider, more user friendly 6" width. This wider Cover Tape will help with alignment and installation over battens and when stripping in metal edge products.

Our goal is to provide simple product improvements that increase the ease of installation and achieve maximum performance.

Please contact your GenFlex Distributor or Territory Sales Manager should you have any additional questions pertaining to these changes. Thank you for your continued support of GenFlex.

Sincerely,

Jim Burkett
Product Development Manager
