

# WHAT'S NEW

## New Termination Caulk

August 31, 2009

To: GenFlex Authorized Distributors  
GenFlex Licensed Contractors

Subject: New Product – Termination Caulk

GenFlex Roofing Systems is happy to introduce a new Termination Caulk for use with all GenFlex EPDM and TPO roofing systems. This new one-part polyurethane moisture curing sealant can be used as an exterior sealant on termination bars or used to caulk sheet metal, masonry, or concrete block or as a sealant over fastener heads. This multi-purpose sealant has excellent UV and Ozone resistance and will be packaged twelve (12) tubes per carton.

The following product information can be used when ordering this new product:

<u>Product Name</u>	<u>Product Number</u>	<u>Size</u>	<u>List Price</u>
Termination Caulk	W590010172	12 tubes/carton	\$118/carton

Please note that existing inventory will be depleted prior to shipment of this new Termination Caulk.

For additional product information, including VOC content, physical properties and application instructions, please refer to the appropriate Product Data Sheet located in the Technical Info tab at [www.genflex.com](http://www.genflex.com). Contact your local GenFlex Distributor for more information on GenFlex's new Termination Caulk.

Thank you for your continued support of GenFlex.

Sincerely,

James E. Burkett
