Subject: Introduction of New GenFlex TPO Cover Tape

With our initial introduction of GenFlex TPO Cover Tape Kits in 2000, GenFlex was the first TPO Manufacturer to offer a Peel & Stick™ TPO accessory, TPO Cover Tape, to the roofing industry. After eight years of successful applications, we have great confidence that the following changes to the product will help improve its performance and application:

- GenFlex TPO Cover Tape will be increased to 5 ½ inches wide to provide greater coverage when stripping in metal edge details.
- GenFlex TPO Edge Caulk, which can be purchased separately, will no longer be included in the Cover Tape Kit, thus making the carton “non-flammable” and easier to ship and handle.

The following changes will occur as inventory of the current product is depleted:

Product Name	Old Part #	New Part #	Availability	List Price
TPO Cover Tape Kit (W)	30024	W590030085	September	\$443.33
TPO Cover Tape Kit (G)	30039	W590030086	September	\$443.33
TPO Cover Tape Kit (T)	30254	W590030087	September	\$443.33

For technical information on this new product, including physical properties and application instructions, visit our new website at www.GenFlex.com.

Thank you for your continued support of GenFlex.

Sincerely,

James E. Burkett
