## *Freight Fuel Surcharge*

Date: December 20, 2010

To: GenFlex Licensed Contractors  
GenFlex Distributors  
GenFlex Sales Managers

**Subject: Freight Fuel Surcharge**

As commonly recognized, the price of fuel continues to increase significantly. In addition to the fuel costs, general transportation rates have risen with expectations for further increases. GenFlex absorbed these rising costs in 2010; however, the burden has now risen to 2008 levels. In response, GenFlex's fuel surcharge will be \$125.00 per truckload effective March 1, 2011.

As always, thank you for your support of GenFlex roofing systems and products. Please do not hesitate to contact your local GenFlex Sales Manager if you have any questions.
