FUEL SURCHARGE

TO: GENFLEX VALUED CUSTOMERS

MARCH 23, 2011

RE: Fuel Surcharge

The cost of diesel fuel continues to escalate, with the national average exceeding \$3.87/gallon the week of March 7, 2011 per the U.S. Energy Information Administration (<http://www.eia.doe.gov/oog/info/wohdp/diesel.asp>). As a result, GenFlex must announce a fuel surcharge of \$175 per truckload effective April 1, 2011. In the event the national average diesel fuel rate should increase beyond \$4.15/gallon, the surcharge will increase by another \$25 per truckload.
