RE: NEW FLEXWHITE™ AND AFR EPDM PRE-TAPED MEMBRANES

GenFlex is pleased to announce the offering of pre-taped FlexWhite and AFR EPDM membranes. These new membranes dramatically expand the popular FlexWhite product line and include both 60-mil and the new 90-mil thicknesses. Additionally, we have added pre-taped panels to our standard black AFR EPDM product line.

In addition to the outstanding solar reflectivity and durability of FlexWhite membranes, pre-taping yields the following features and benefits:

- Easier and faster installation which can significantly reduce labor costs.
- Factory installed seam tape yields higher quality seams.
- Seam tape is cut flush with membrane to yield a more aesthetically pleasing finished product.

GAUGE	ITEM NUMBER	PANEL SIZE	TAPE WIDTH
EPDM AFR PT			
45-mil	W5910108T3	10' X 100' X 0.045"	3"
	W5910110T3	16'8" X 100' X 0.045"	3"
	W5910111T3	25' X 100' X 0.045"	3"
60-mil	W5910048T3	10' X 100' X 0.060"	3"
	W5910051T3	16'8" X 100' X 0.060"	3"
	W5910111T3	25' X 100' X 0.060"	3"
90-mil	W5910210T3	10' X 100' X 0.090"	3"
	W5910210T6	10' X 100' X 0.090"	6"
FlexWhite EPDM PT			
60-mil	W590T610103	10' X 100' X 0.060"	3"
	W590T616103	16'8" X 100' X 0.060"	3"
	W590T625103	25' X 100' X 0.060"	3"
90-mil	W590T910103	10' X 100' X 0.090"	3"
	W56LT910106	10' X 100' X 0.090"	6"

Pre-taped, 60-mil FlexWhite and AFR EPDM systems are eligible for a warranty up to 20 years. Pre-taped, 90-mil FlexWhite and AFR EPDM qualify for a 30-year warranty, the best in the industry.
