To: GenFlex Distributors
GenFlex Roofing Contractors

Subject: GenFlex Announces Changes to Product Packaging

Recent manufacturing updates require GenFlex to revise packaging on two of our products. The changes listed below will occur as inventory in the former packaging is depleted.

Upcoming changes:

Part Number	Part Name	Current Package	Revised Package	When
10091*	Pourable Sealer	2-gal / ctn	4-gal / ctn	October 2007
10065	3" Seam Tape	4-rls / ctn	6-rls / ctn	December 2007

* *Effective with the change of packaging quantity, Pourable Sealer will have a new part number: 10139.*

The changes listed above are made to take advantage of certain logistic efficiencies and will help GenFlex maintain competitive pricing on those products into the future. The package changes should have minimal impact on your future orders.

Thank you for your continued support.

Sincerely,

Marty Jolly
National Sales and Marketing Manager
