 Re: SECUROCK® Cover Board

August 8, 2013

GenFlex Roofing Systems is pleased to announce the distribution and warrant-ability of SECUROCK® Roof Boards. With a Glass-Mat or Gypsum-Fiber roof board option, each provides a high performance, non-combustible option for use in a myriad of different roofing systems and assemblies.

SECUROCK Gypsum-Fiber Roof Board Features and Benefits

- Ideal for all types of adhered systems such as GenFlex EZ TPO and GenFlex EPDM
- Moisture and mold resistant
 - Achieves a score of 10 when tested in accordance with ASTM D3273
- Environmentally friendly
 - Made from 95% recycled materials
- Excellent wind uplift and fire performance
 - Meets Underwriters Laboratories (UL) Classifications
- Available in 4'x8' and 4'x4' boards with thicknesses of 1/4", 3/8", 1/2", and 5/8"

SECUROCK Glass-Mat Roof Board Features and Benefits:

- Ideal for use in mechanically attached, fire barrier, and thermal barrier applications
- Provides protection to the roofing system from rooftop foot traffic and hail
- Excellent Moisture and Mold resistance
 - Achieves a score of 10 when tested in accordance with ASTM D3273
- Exceptional handling and installation
- Meets Underwriters Laboratories (UL) Class A fire ratings for unlimited slope in fire barrier applications per UL 790
- Available in 4' x 8' boards with thicknesses of 1/4", 1/2" and 5/8"

Part Number	Product Name	Thickness	Board Size
W56RAC8766	Gypsum-Fiber Roof Board	1/4"	4' x 8'
W56RAC8767	Gypsum-Fiber Roof Board	3/8"	4' x 8'
W56RAC8768	Gypsum-Fiber Roof Board	1/2"	4' x 8'
W56RAC8769	Gypsum-Fiber Roof Board	5/8"	4' x 8'
W56RAC8770	Gypsum-Fiber Roof Board	1/4"	4' x 4'
W56RAC8771	Gypsum-Fiber Roof Board	3/8"	4' x 4'
W56RAC8772	Gypsum-Fiber Roof Board	1/2"	4' x 4'
W56RAC8773	Gypsum-Fiber Roof Board	5/8"	4' x 4'
W56RAC8774	Gypsum Glass-Mat Roof Board	1/4"	4' x 8'
W56RAC8775	Gypsum Glass-Mat Roof Board	1/2"	4' x 8'
W56RAC8776	Gypsum Glass-Mat Roof Board	5/8"	4' x 8'
