

Product Data Sheet

GenFast™ Metal Bar Anchor

Item Description	Item Number
10' (3 m)	W590010073
Cardboard tube of 50 Bar Anchors	

Description

GenFast Metal Bar Anchors are used for the mechanical attachment of the EPDM and TPO membranes in mechanically attached roofing systems. They can also be used to attach membrane at the perimeter of the building and around penetrations per current GenFlex Technical Specifications.

Method of Application

Attach bar anchors to the roof substrate or penetration using the appropriate GenFast fastener. Do not overdrive or underdrive fasteners. Start at one end of the anchor bar and fasten towards the other to reduce bowing between fasteners.

Storage

Store in original unopened tubes protected from weather.

LEED® Information

Post-Consumer Recycled Content: 8%
 Post Industrial Recycled Content: 17%
 Manufacturing Location: Cleveland, OH
